- EBE (Ever Best Education) is a non-governmental educational institution where students are offered high quality courses. At the moment, they are primarilyfocusing on English language in order to meet the incredible demand for the global language. It is located in Khorezm region, Khazorasp district. Students are taught from beginner level till intermediate, as well as IELTS. When it comes to the customers of this company, it ranges from young children to adults aged more than 40. Next, EBE has its own employees company majority of which consists of teachers. Not only teachers but also managers, financial assistances work at EBE. The prime role of the customers of this company is to learn English language, whereas workers role is to teach them.

- And our web site is dedicated not only students of EBE but also other educational centers can use it. So what is our website about? Our team decided to create a website that is solving Quizzes. We will have a user page who can create questions and write many answers which contains the correct one also. So students can sole the quizzes.

- So what you can do? One can create questions, edit questions and save question.

-

This is our main page in which only teachers meaning that ADMIN can log in. Users can register. So let's see the functions that Admins can do. If you click Log in button which is located at the corner of right side the next page will appear.
